# 150 YEARS IN THE MAKING

The Lavezzi story began in the coastal town of Formia (Italy) in 1870 when Amalio Lavezzi decided to go to Mount Vesuvius to gather snow for the Lemon and Coffee Gelato sold in his kiosk.

People travelled from miles around to experience Amalio's famous Italian Gelato, and his legacy was continued by his great-grandson Raffaello Lavezzi four generations later.

Till today, the Lavezzi philosophy remains unchanged - naturally made Italian Gelato churned daily using high-quality ingredients. The only difference now is that we have had 150 years to perfect it!

Our gelato bases are handcrafted from scratch using original recipes from start to finish.

Furthermore, they are all created in-house to ensure quality control so that we continue to provide you with the creamiest and most delightful Gelato experience.

From humble beginnings as a small family-run kiosk to proud leaders in the Gelato manufacturing industry, we are excited to continuously indulge all your senses in new and exciting ways as you enjoy our generationally innovative Gelato creations.
